task force is open to all

TF leader: Ulf-Dietrich Reips

According to the COST proposal and MoU it is a task to help enhancing the iScience Server ( [iscience.eu](http://iscience.eu) ) and the [Web Experiment List \( wexlist.net/](http://wexlist.net/) ), which are portals providing services, techniques, and tools for web experiments. The task force will create a list of suggestions to improve the sites. COST rules disallow direct funding for existing web sites. The task force thus aims to find funding elsewhere to install the improvements.

Aims: improve iScience portals, find funding for design and programming
